

NOTICE INVITING BIDS

PROJECT: Rosser Street Improvements Phase II

DESCRIPTION: The project generally consists of reconstructing the old, dilapidated pavement on Rosser Street with approximately 16,000 square yards of new asphalt pavement from Blooming Hills Drive to State Route 89. The project includes the construction of 2,600 linear feet of new water main, and 360 linear feet of new sewer main. The project includes the replacement of substandard concrete curbs, sidewalks, and handicap ramps with new structures where called for. The project also includes drainage improvements.

The project includes three options for possible construction of traffic calming devices. The decision will be made at bid award time by City Council on which option to award. The project also includes an optional bid to remove the existing traffic calming devices on Rosser Street in the area known as the Meadows.
