

Pavement Reconstruction

SUMMER/FALL 2011

The City of Prescott and contractor Asphalt Paving & Supply are ramping up to replace deteriorated pavement along sections of Merritt St, Dameron Dr, Fair St, Yavapai Hills Dr, Doka Dr, Mosher Ln, Prescott View Place, and Prescott View Circle. Crews will remove aging asphalt and reconstruct the roadway with new asphalt pavement. The project is anticipated to be complete by early December 2011. Once complete, the improvements will extend the useful life of these streets and allow for a smoother, quieter ride.

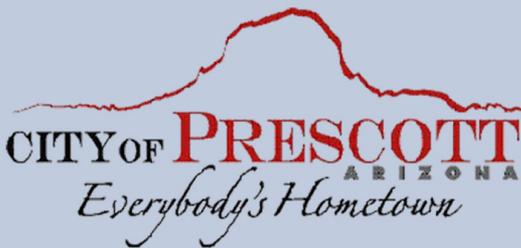

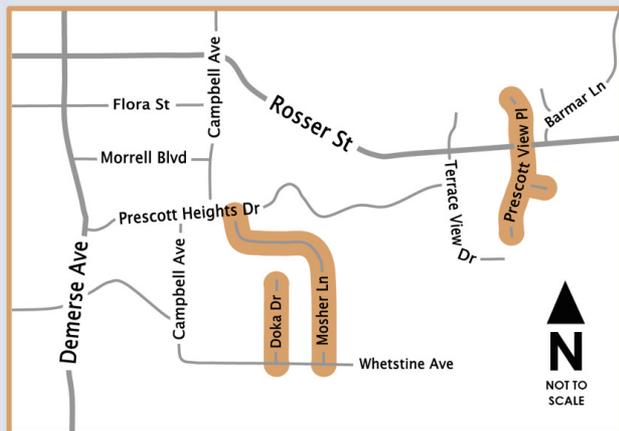

Due to varying construction zones and work hours, the City of Prescott invites you to sign up for regular eNews updates to stay informed of location and times of construction activity.

Please be aware of lane restrictions, reduced speeds, rough road conditions, and flagging operations throughout the construction zones as work begins along these streets.

**Work may occur
Monday through
Friday 7:00 a.m.
to 6:00 p.m.**

**This work is
highly weather
dependent and
subject to
change.**
