HOLD HARMLESS: The Contractor(s) agree to defend, indemnify and hold harmless the City, its employees, agents, invitees and/or volunteers from any claims, demands, causes of action, liability, loss, property damage or any type of damage and/or injury (to property or person, including without limitation, wrongful death), whether brought by an individual or other entity, or imposed by a court of law or by administrative action of any Federal, State or local government body or agency, arising out of or incident to any acts, omissions, negligence, or conduct of the City, its personnel, employees, agents, contractors, or volunteers in connection with or arising out of the Contractor's placement of soil pursuant to this grading permit.

It is expressly understood by the undersigned that this permit is revocable at will by the City, at the sole option of the City. If the City revokes this permit, it shall be the responsibility of the permittee to remove, at permittee's expense, all improvements authorized by this permit and restore the property to its original condition.

The Undersigned further releases and discharges the City from any and all claims in which the undersigned has or may have against the City, its agents, or employees, arising out of or in any way connected with the undersigned's activities as set forth on this permit. The applicant agrees to abide by the aforementioned miscellaneous requirements and all provisions and conditions as set forth in this permit.

Owner/Contractor: _____

Date: _____

GRADING PLAN CHECKLIST:

Property Lines, Right-of-Way(s), Existing Recorded Easements, and Disturbable Envelope within the Site and Adjacent to the Property Boundary.

Proposed Building Pads, Drainage Channels and Swales, Top of Cut Slopes and Toe of Fill Slopes Shall be Shown and Labeled with Slope/Ratios.

Location of all FEMA Special Flood Hazard Areas (SFHA), both Floodplain and Floodway Limits, if applicable.

Existing and Proposed/Modified Contours with Two (2) Foot Maximum Interval and Elevation Labels at Ten (10) Foot Intervals

Location of all Retaining and Free-Standing Walls Showing Top of Footing and Top of Wall. Provide Detail.

Any Engineering Associated with Retaining or Dry-Stack Walls.

Any Catch Basins and Inlets with Grate and Invert Elevations.

Detail Identifying Erosion & Sedimentation Control Measures (BMPs) to be Utilized On-Site.

The Fill/Dump Site Must Also have Proper BMPs or be Under a SWPPP. Controls Must be Utilized During Transport to/from the Site, i.e., Wind, Erosion and Dust Control Measures Should be Implemented – Applying Water and Covering the Load.
