

SPECIAL EVENTS

These guidelines apply to all special events. Non-profit sponsored events no longer have separate guidelines.

BUSINESS LICENSE REQUIREMENTS

Special event vendors and sponsors/promoters are required to obtain a business license unless already possessing an annual license to operate in the City or qualify for an exemption (see detail in the business license brochure).

- \$35 annual fee
- Apply for and renew online

In addition, all special event sponsors/promoters will furnish a list of all vendors participating in the event, including each vendor's business license number and transaction privilege tax number (if applicable) within 10 days of the close of the event.

TAX LICENSE REQUIREMENTS

All vendors and sponsors/promoters must comply with the City Tax Code. The most common classifications of taxable activities for vendors at special events include retail sales, restaurants, and amusements.

Businesses or individuals conducting taxable activities will be required to obtain a transaction privilege tax license through the Arizona Department of Revenue (ADOR). The license can be applied for and taxes reported online at www.aztaxes.gov.

The license provides you with an account with ADOR and the City of Prescott. Both State, County, and City taxes are reported on the single tax return. The ADOR will forward the taxes paid to the City of Prescott.

ADDITIONAL LICENSING REQUIREMENTS

Vendors will not be subject to the additional peddler/solicitor licensing requirements when they are approved participants of the special event by the event organizer, promoter, or sponsor.

TAXABLE ACTIVITIES

Retail: If you sell tangible personal property, including crafts (even if you consider it a hobby), you must be licensed and are responsible for TPT. Also, this includes food items for home consumption. The tax base for the retail classification is the gross proceeds of sales or gross income derived from the business.

Restaurant: Sales of prepared or served food or beverages for consumption on or off the premises

are subject to TPT under the restaurant classification. Businesses selling alcoholic beverages are advised to contact the Arizona Department of Liquor Licenses and Control for information on liquor licenses.

Amusement: The amusements classification is comprised of the business of operating or conducting various amusement activities including contests, games, sports events, or any other business which charges admission or user fees for exhibition, amusement or entertainment. Any charges or fees for activities such as games, rides, horse rides, balloon rides and any admission fees are subject to TPT under the amusement classification.

Personal Property Rental: Personal Property Rental Classification TPT is imposed on persons, such as special event promoters, renting or leasing tangible personal property like tables and chairs.

Commercial Lease: The fee charged to a vendor for space to show his wares is taxable. There may be exemptions for certain types of non-profit activities. The tax may be added to the cost of the vendor's rental fee.

Exemptions: Common exemptions to taxable activity for special events include:

PRESCOTT PRIVILEGE TAX

1. Sales of paintings, sculptures or similar works of fine art sold by the **original artist**. For example, an original oil painting would not be subject to tax, but a print copy would. Sales of “art creations”, however are subject to tax. “Art Creations” are defined as having a dual purpose, both aesthetic and utilitarian, such as jewelry, glasswork, pottery, woodwork, metalwork, furniture and clothing.
2. Vendors who are supplying information only and are not making sales.
3. Sales by non-profit organizations operated exclusively for charitable purposes.
4. Sales of food products by producers (farmers) selling their own products

CALCULATING THE TAX

Although privilege tax is normally passed on to the consumer, it is actually a tax charged to the vendor for the “privilege” of doing business in Arizona. The tax can be added to the price of the item, or it can be included in the price of the item.

SPECIAL EVENTS

This publication is for general information regarding Transaction Privilege (Sales) Tax and licensing requirements for events. For complete details, refer to the City of Prescott Privilege & Use Tax Code and related regulations. In the case of an inconsistency or omission in this publication, the language of the Tax Code will prevail. The transaction privilege tax is commonly referred to as a sales tax, however, under the State of Arizona law, the tax is on the privilege of doing business in Prescott and is not a true sales tax.
