

UTILITY PROJECT

Airport Ruger Road Sewer Trunk Main Upsizing Project

NOVEMBER 5, 2022

Lyon Engineering & Surveying, Inc. has been awarded the engineering and design contract for the project. With the preliminary alignment set, the Engineer has been requested to phase the design of the project to coincide with the future expansion of the Airport. The phase one portion of the design is moving ahead and includes a new sewer trunk main from the Airport Treatment Plant to the new Melville Road improvements.

The New Sewer Main is now operational. The Contractor is working on final clean up and punch list items.
