# ROADWAY PROJECT

## Misc. Concrete (Pleasant Street Concrete Curb & Gutter Replacement)

**SEPTEMBER 1, 2023**

The project generally consists of concrete replacements such as curb, gutter, sidewalk, and drainage structures alongside roadways throughout the city.

The project will replace the curb and gutter on Pleasant Street, from Gurley Street to Willis Street. The project also includes alley widening work at the new City Hall location, from Sheldon Street to Willis Street, a drainage correction on Prescott Heights, and a drainage correction at the alley access behind the Prescott Unified School District building.

The design for the project was done in-house. Construction work has been completed.

### City Contact Information

**Project Manager: Scott Balck**

**Phone: (928) 777-1130**
