

UTILITY PROJECT

Yavapai Hills Lower Pump Station (Zone 7)

JANUARY 1, 2024

The project generally consists of relocating the existing Zone 7 pump station eastward near the new 1.5 mg water storage tank for pressure Zone 56. The project will include installation of new pumps, associated controls, and appurtenances.

The project is being constructed by Fann Contracting, Inc. concurrently with the Zone 56 Tank Project. Construction of the pump station continues.
