

# UTILITY PROJECT

## City Wide Water Main Replacement Program Phase Two

***MARCH 1, 2024***

The project consists of replacement of undersized, deteriorating water mains on Country Club Circle, Brush Street, Ash Street, and Cherry Drive. Country Club Circle will include approximately 2,000 linear feet (LF) of new 6-inch water main and hydrant replacement. Brush Street will include approximately 500 LF of new 6-inch water main, providing redundancy to the system with the addition of fire protection. Ash Street and North Willow Street will include approximately 790 LF of new 6-inch water main to connect to Western Avenue and Cherry Drive, which will include approximately 860 LF of new 6-inch water main and the addition of fire protection.

Staff has received 60% plan submission from the design engineering firm for review. Anticipated construction would begin in fiscal year 2025, with all work Design to be complete within fiscal year 2024.
