

PUBLIC WORKS

ROADWAY PROJECT

North Washington Sidewalk Repairs

MARCH 1, 2024

This project generally includes the replacement of sidewalks along N. Washington Avenue, from E. Willis to E. Sheldon Street, as well as Pine Street. The replacement of driveways as needed will be determined in the field at the direction of the City of Prescott. The mature trees between the sidewalk and the curb have contributed to the deterioration of the sidewalk and other critical infrastructure. Seventeen trees will be removed, and five existing stumps will be ground below dirt grade.

Combs Construction will be the contractor for this project.

Construction is anticipated to start around the middle of March 2024.
