

UTILITY PROJECT

Sundog Trunk Main Phase C3 Project

MARCH 1, 2024

The Sundog Sewer Main Phase C3 Project includes the design and construction of a regional lift station located near Granite Creek Park and approximately 25,000 linear feet of 18" sewer force main. The project also includes approximately 2,500 linear feet of 24" sewer trunk and 8" branch mains.

The design contract has been awarded to Lyon Engineering & Surveying, Inc. The 30% plans have been submitted for review. Lyon and City staff are currently working with property owners in acquiring the lift station site along with needed easements. Utility locating along the proposed alignment is underway.
