Garden & Western Sewer & Street Improvement

April 2024

ROADWAY PROJECT

The project generally consists of the removal, replacement or installation of new sanitary sewer manholes and pipe, concrete sidewalk, ramps, driveways, curb and gutter, storm drainage structures, and asphalt pavement.

The work also includes brush and debris removal, drainage grading, catch basin, storm drainpipe removal and installation, grouted riprap, and adjusting water valve boxes and manhole frames and covers.

Construction began on October 16, 2023, and is scheduled to be completed in April 2024.

The project is substantially complete. The contractor is preparing for final acceptance inspections.
