Willow Creek Gravity Sewer

April 2024

UTILITY PROJECT

The project will generally consist of the installation of a new gravity sewer system to replace the existing force main along Willow Lake Road to the Prescott Lakes Reginal Lift Station. The project will also make improvements to the Prescott Lakes Regional Lift Station.

Lyon Engineering is the design consultant for the project. The 100% plans have been submitted for review. The construction is expected to start in the summer of 2024.
