Quaka Crossing Waterline Project

June 2024

UTILITY PROJECT

This project will install a new 12-inch water main from Heather Heights to the Yavpe Connector. The new main is being built concurrently with a new roadway project the Yavapai-Prescott Indian Tribe is constructing and is sufficient to provide water for future build out of the area.

Construction of the project began on March 18, 2024. Water main installation is taking place between Heather Heights and Yavpe Connector. The expected completion of the project is early fall of 2024.
