Zone 52 Water Main Extension Project

March 2025

UTILITY PROJECT

The project will connect the existing 12-inch Zone 52 water main at the southeast corner of Pioneer Parkway and Williamson Valley Road to the existing water mains at the Longview Booster Pump Station. The project was bid on October 17, 2024. The project has been awarded to CLM Earthmovers LLC. Construction began on January 6, 2025. The project is expected to be completed by early summer.
