

FY26 Pavement Preservation Project: SR89 and Prescott Lakes Parkway – Night Work to Take Place

September 18, 2025

The City of Prescott (City) and their contractor, Sunland Asphalt & Construction, are currently working on a pavement preservation and maintenance project along Prescott Lakes Parkway, between SR89 and SR69, and along SR89, between Yavpe Connector and the Willow Lake Road roundabout. To expedite completion of the project and minimize the impact to the traveling public, residents and businesses, a portion of the work along SR89 will be completed at night. Detailed information about the upcoming work schedule and related traffic impacts are below:

SCHEDULE AND TRAFFIC IMPACTS:

Prescott Lakes Parkway, from SR89 to SR69:

COMPLETE: Asphalt milling and preparation work.

COMPLETE: Pavement repairs.

September 24 to September 29 (DAY WORK): Two-step pavement preservation application.

September 29 (NIGHT WORK): Pavement preservation within the Prescott Lakes Parkway Roundabout. **This work requires a full closure of Prescott Lakes Parkway between Wal-Mart and SR89 for the night.**

SR89, from Yavpe Connector to the Willow Lake Road roundabout:

COMPLETE: Pavement repairs.

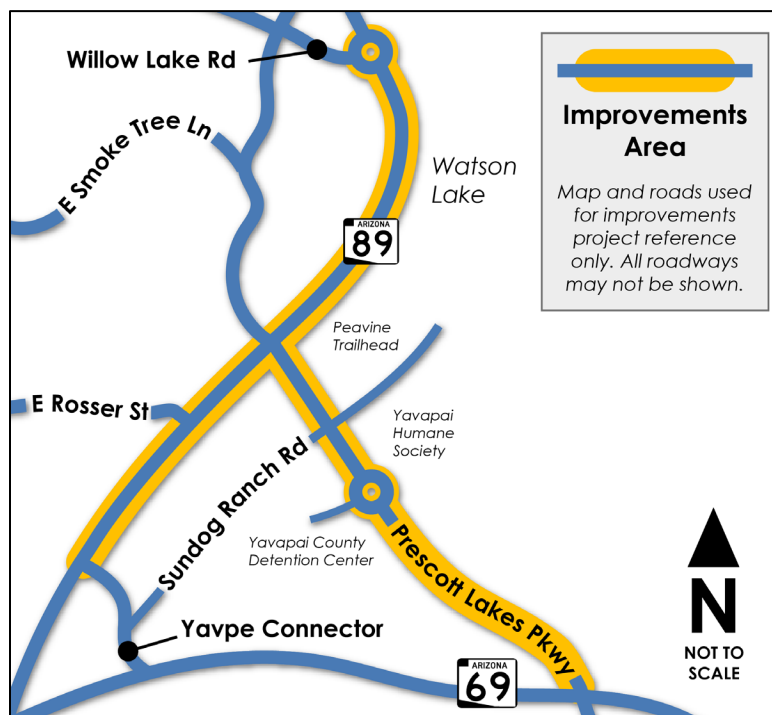

September 17 to September 22 (DAY WORK): Pavement preservation along the left and center lanes of SR89 in both directions. **This work requires partial closures of driveway entrances along SR89, and the SR89/Yavpe Connector and SR89/Prescott Lakes Parkway intersections while we pave through each intersection. The intersections will be open for right turn in and right turn outs only during this work. Once paving is complete in an intersection, it will be re-opened for full turning movements.**

September 23 to September 26 (NIGHT WORK): Pavement preservation along the right lanes of SR89 in both directions. **This work requires a full closure of driveway entrances along SR89, the SR89/Yavpe Connector and SR89/Prescott Lakes Parkway intersections for each night. Detour routes will be available, please follow the marked signage.**

September 30 and October 1 (NIGHT WORK): Pavement preservation within the Willow Lake Road Roundabout. **This work requires a partial closure of certain turning movements within the roundabout each night.**

DURING THIS WORK YOU CAN EXPECT:

- Crews working Monday through Friday during both day and night hours
- Detour routes, flagging operations and temporary traffic control changes
- Crews will work to maintain business access as best as possible
- Temporary street and intersection closures
- Lane restrictions
- Reduced speeds
- Construction noise
- Travel delays
- New roadway striping once complete

**For questions and project information, call the Project Hotline:
(928) 237-3114**

**Please note this work is highly weather dependent and subject to
change without notice.**
