

# Miller Valley Road and Grove Avenue Sidewalk Improvements Project

## Upcoming Community Meeting!

The City of Prescott and their design engineer invite you to attend a community meeting for the upcoming Miller Valley Road and Grove Avenue Sidewalk Improvements Project. **The meeting will be held in the Crossroads Center at Prescott College, 215 Garden Street, on Wednesday, April 29, from 5 p.m. to 6:30 p.m.** This meeting will give you an opportunity to learn about the upcoming sidewalk improvements, provide design input, and learn more about the project schedule and how construction might impact you.

The project, still in the design phase, generally consists of improvements to sidewalks and sidewalk ramps that are not accessible with a mobility device or are not Americans with Disabilities Act (ADA) compliant along Miller Valley Road and Grove Avenue, between Whipple Street and Gurley Street. Improvements include the removal and replacement of sidewalk and sidewalk ramps to make this area ADA accessible, as well as replacing driveway entrances, and curb and gutter. Additional improvements may include ADA compliant roadway crossings, new roadway signage and pavement markings, drainage improvements, and the relocation/removal of overhead utility and street light poles. Design plans also include the addition of ADA compliant sidewalk on the east side of Grove Avenue at Lincoln Avenue and on the west side of Miller Valley Road, between Elrod Road and Garden Street.

Construction of this project is scheduled to begin in summer 2026. A notification will be provided prior to construction activities to provide additional timeline and construction information.

**COMMUNITY MEETING LOCATION**  
Prescott College

For questions and additional project information, call the **Project Hotline at (928) 237-3114**
