

# Pine Crest Concrete Improvements Project

## Construction to Begin

The City of Prescott and their contractor, DBA Construction, are set to begin construction of the Pine Crest Concrete Improvements Project the week of May 18, 2026. This project will preserve and maintain the historic concrete roadways by repairing sections of damaged concrete roads throughout the Pine Crest neighborhood, as shown in the map below. No asphalt pavement overlay will be undertaken as part of this project.

This project is scheduled to be complete in June 2026. The City is dedicated to keeping residents informed of potential construction impacts throughout the project.

## During this work you can expect:

- Continuous residential access
- Temporary lane and driveway restrictions
- Flagging operations
- Construction equipment in the roadway
- Loud noise
- Early morning trash and recycling pick-up
- Reduced speeds

If you have questions or would like additional project information, please call the **Project Hotline at (928) 237-3114**

*To avoid conflicts with construction equipment and expedite completion of this work, the City asks that you avoid on-street parking while construction is underway. Residential access will be maintained throughout construction; however, restrictions may occur during driveway entrance and roadway repairs. Access interruptions will be communicated on an individual basis.*
