ATTENTION:

CITY OF PRESCOTT ARIZONA

Concrete and Asphalt Repairs to begin the week of November 2, 2026

The City of Prescott and their contractor, Combs Construction Company, are set to begin the FY27 Pavement Preservation Project the week of November 2, 2026. The project includes pavement maintenance operations, as well as concrete curb, gutter and sidewalk improvements along the following roadways and as shown on the map below:

- Barmar Lane
- Chestnut Drive
- Comet Road
- Delano Avenue
- Hackberry Drive
- Satellite Court
- Sequoia Drive
- Venus Drive
- W Delano Avenue

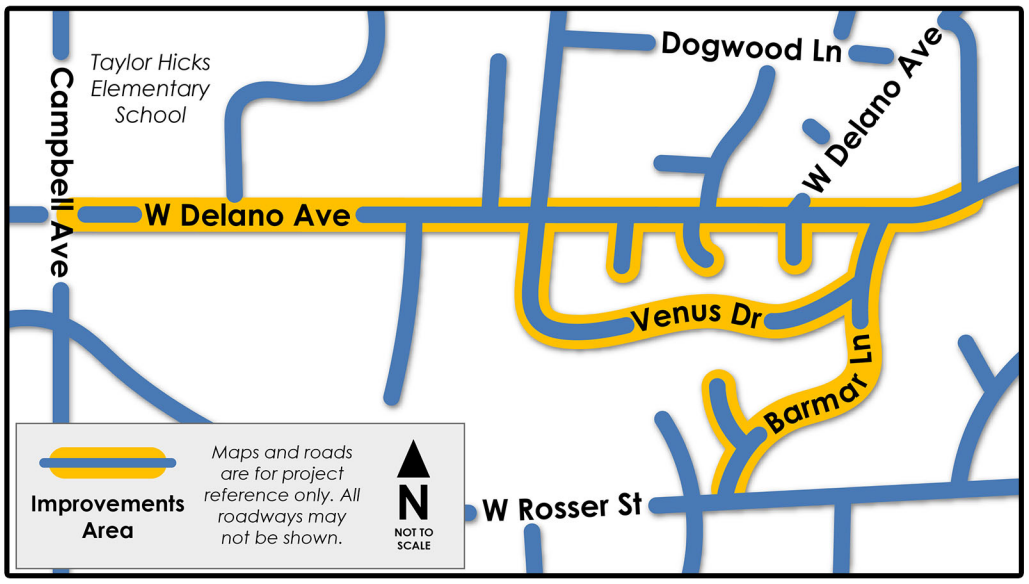

Construction efforts will begin with asphalt and concrete repairs in various locations along the streets listed above. This portion of work is expected to be complete in December 2026. Crews will then leave for the winter, and return in spring 2027 (or when temperatures allow) to apply pavement preservation treatments throughout the entire project extents. You will be notified in advance of spring work commencing.

Work will occur Monday thru Friday, from 7 a.m. to 6 p.m. Once complete, this project will extend pavement life and improve the road quality for Prescott motorists. **In case of inclement weather, work may be postponed without notice until weather permits.**

During this work, you can expect:

- Continuous residential access
- Temporary lane restrictions
- Reduced speeds
- Rough road conditions
- Sidewalk closures
- Loud noise
- Flagging operations

Trash, recycling and mail services will not be interrupted. Please have residential bins curbside by 6 a.m. on your scheduled pickup date.
